Coalition Goals:

The document "*Controlling Asthma in Los Angeles: A Call to Action*" set the foundation for the goals of the Asthma Coalition. The current strategic plan (under review, 2013-2017) outlines the Coalition's goals to advocate for policy and systems changes in order to accomplish the following:

1. Increase access to and improve quality of health care;
2. Improve indoor air quality in homes;

4. Improve outdoor air quality.

In addition, through each of the above goals, the Coalition strives to address racial/ethnic and socioeconomic disparities and promote research related to asthma.

Guiding Beliefs and Principles for Working Together:

We, the members of the Asthma Coalition of Los Angeles County, affirm we have a common purpose. Therefore we commit ourselves to act in synergy, to pursue our shared vision by setting aside competitiveness, to pool our resources to achieve our mission, and to share responsibility for the Coalition's successes and challenges.

We believe that consistency of individual participation over time is important and necessary for successful collaboration.
